### EUROPEAN STANDARD NORME EUROPÉENNE EUROPÄISCHE NORM

EN 60204-1

September 2018

ICS 13.110; 29.020

Supersedes EN 60204-1:2006

#### **English Version**

Safety of machinery - Electrical equipment of machines Part 1: General requirements
(IEC 60204-1:2016, modified)

Sécurité des machines - Équipement électrique des machines - Partie 1: Exigences générales (IEC 60204-1:2016, modifiée)

Sicherheit von Maschinen - Elektrische Ausrüstung von Maschinen - Teil 1: Allgemeine Anforderungen (IEC 60204-1:2016, modifiziert)

This European Standard was approved by CENELEC on 2018-03-19. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Bulgaria, Croatia, Cyprus, the Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

#### **European foreword**

This document (EN 60204-1:2018) consists of the text of IEC 60204-1:2016, prepared by IEC/TC 44 "Safety of machinery - Electrotechnical aspects", together with the common modifications prepared by CLC/TC 44X "Safety of machinery: electrotechnical aspects".

The following dates are fixed:

•	latest date by which this document has to be implemented at national level by publication of an identical national standard or by endorsement	(dop)	2019-03-14
•	latest date by which the national standards conflicting with this document have to be withdrawn	(dow)	2021-09-14

This document supersedes EN 60204-1:2006.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CENELEC shall not be held responsible for identifying any or all such patent rights.

Clauses, subclauses, notes, tables, figures and annexes which are additional to those in IEC 60204-1:2016 are prefixed "Z".

This document has been prepared under a mandate given to CENELEC by the European Commission and the European Free Trade Association, and supports essential requirements of EU Directive(s).

For the relationship with EU Directives, see informative Annexes ZZA and ZZB, which are integral parts of this document.

#### **Endorsement notice**

The text of the International Standard IEC 60204-1:2016 was approved by CENELEC as a European Standard with agreed common modifications.

#### **COMMON MODIFICATIONS**

#### 1 Modification to Clause 2, Normative references

Add the following note after the first paragraph:

NOTE In CENELEC, Annex ZA applies instead of Clause 2.

#### 2 Modifications to Clause 4

#### 4.4.2 Electromagnetic Compatibility

Delete the 2<sup>nd</sup> paragraph and related bulleted list.

#### 4.4.5 Altitude

Replace the text of the 2<sup>nd</sup> paragraph before the hyphened list with:

"For equipment to be used at higher altitudes, it is necessary to take into account changes in parameters for example, the reduction of:".

Add the start of the 3<sup>rd</sup> paragraph:

"Other parameters of different components can also alter with altitude.".

#### 3 Modifications to Clause 6

#### 6.3.1 General

Replace the text of Note 1 with:

"The risk of harmful physiological effects from touch voltages depends upon a number of factors. These include but are not limited to; value of touch voltage, duration of possible exposure, environmental factors, skin condition".

#### 4 Modifications to Clause 9

#### 9.2.3.2 Start

Replace the 4<sup>th</sup> paragraph with:

"The provision of acoustic and/or visual warning signals before the starting of hazardous machine operation shall be considered during the risk assessment. Where the risk assessment determines that either or both are required the emission level of noise/light shall be suitable for the intended environment.".

#### 9.2.4.1 General requirements

Replace the 2<sup>nd</sup> paragraph with:

"Where a safety function of a CCS relies on data transmission the transmission reliability shall be considered.".

#### 9.2.4.8 Emergency stop reset

Replace the last paragraph with:

"Where the risk assessment show that resetting of an emergency stop actuator on the portable cableless operator control station is not adequate then one or more supplementary fixed resets shall be provided.".

#### 5 Modifications to Clause 11

#### 11.4 Enclosures, doors and openings

In the 8th paragraph, replace "harmful" with "detrimental".

#### 6 Modifications to Clause 12

#### 12.3 Insulation

In the 1st paragraph, replace "should" with "shall".

#### 7 Modifications to Clause 13

#### 13.5.2 Rigid metal conduit fittings

First paragraph, 2<sup>nd</sup> sentence, replace with "Where galvanic action is possible between dissimilar metals these metal combinations shall not be used".

#### 8 Modifications to Clause 16

#### 16.1 General

Add to the first paragraph: "The markings shall be sufficiently durable to remain legible for the foreseen lifetime of the machine.".

#### 16.4 Marking of enclosures of electrical equipment

Delete the 2<sup>nd</sup> bullet.

#### **Modifications to Clause 18**

#### 18.1 General

Add to paragraph 2: "Where the sequence cannot be followed verification a) and b) shall be conducted first.".

#### 18.4 Voltage tests

Replace the first paragraph with "When voltage tests are performed, tests and test equipment shall be in accordance with EN 61180.".

# 10 Modification to annexes is a provious denotores of the strikes

Add the following annexes.

## Annex ZA (normative)

## Normative references to international publications with their corresponding European publications

The following documents are referred to in the text in such a way that some or all of their content constitutes requirements of this document. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

NOTE 1 Where an International Publication has been modified by common modifications, indicated by (mod), the relevant EN/HD applies.

NOTE 2 Up-to-date information on the latest versions of the European Standards listed in this annex is available here: www.cenelec.eu.

(informative)

# Relationship between this European Standard and the essential requirements of Directive 2006/42/EC [2006 OJ L 157] aimed to be covered

This European Standard has been prepared under a Commission's standardization request M/396 EN to provide one voluntary means of conforming to essential requirements of Directive 2006/42/EC of the European Parliament and of the Council of 17 May 2006 on machinery, and amending Directive 95/16/EC (recast) [2006 OJ L 157].

Once this standard is cited in the Official Journal of the European Union under that Directive, compliance with the normative clauses of this standard given in Table ZZA.1 confers, within the limits of the scope of this standard, a presumption of conformity with the corresponding requirements of that Directive, and associated EFTA regulations.

Table ZZA.1 – Correspondence between this European Standard and Annex 1 of Directive 2006/42/EC [2006 OJ L 157]

Essential Requirements of Directive 2006/42/EC	Clause(s) / sub-clause(s) of this EN	Remarks / Notes
1.2.1	Clause 4, 5.4, 7.4, 7.5, 7.6, 7.8, 7.10, 8.4, Clause 9, 10.6, 10.9, 11.2.3	
1.2.2	4.4, Clause 10, Clause 11, 16.3

1.7.4.2 (e,g, i,j,m,p,r,s,t)	Clause 17	0,
1.7.4.2 u, 1.5.8		These essential requirements are specifically excluded as noise has not been considered

Essential Requirements of Directive 2006/42/EC	Clause(s) / sub-clause(s) of this EN	Remarks / Notes
<u> </u>		during the development of the standard
1.5.10, 1.5.11		These essential requirements have been excluded as the electromagnetic compliance information only gives methods that have proved useful and are supplied as guidance.

WARNING 1 — Presumption of conformity stays valid only as long as a reference to this European Standard is maintained in the list published in the Official Journal of the European Union. Users of this standard should consult frequently the latest list published in the Official Journal of the European

tion me. WARNING 2 — Other Union legislation may be applicable to the product(s) falling within the scope of this standard.

#### Annex ZZB

(informative)

# Relationship between this European Standard and the safety objectives of Directive 2014/35/EU [2014 OJ L96] aimed to be covered

This European standard has been prepared under a Commission's standardization request relating to harmonised standards in the field of the Low Voltage Directive, M/511, to provide one voluntary means of conforming to safety objectives of Directive 2014/35/EU of the European Parliament and of the Council of 26 February 2014 on the harmonization of the laws of the Member States relating to the making available on the market of electrical equipment designed for use within certain voltage limits [2014 OJ L96].

Once this standard is cited in the Official Journal of the European Union under that Directive, compliance with the normative clauses of this standard given in Table ZZB.1 confers, within the limits of the scope of this standard, a presumption of conformity with the corresponding safety objectives of that Directive, and associated EFTA regulations.

Table ZZB.1 – Correspondence between this European Standard and Annex I of Directive 2014/35/EU [2014 OJ L96]

Safety objectives of Directive 2014/35/EU	Clause(s) / sub-clause(s) of this EN	Remarks/note
1 a)	Clause 16, 5.1, 5.2, 5.3, 5.6, 6.2, 8.2, 8.3, 10.2, 10.8, 11.1, 11.2, 13.1, 13.2	
1 b)	4.2, 5.3, 5.5, 6.2, 6.2.4, 7.2, 7.2.2, 8.2, 9.2, , 11.2, Clause 12, 13, 13.4.4, 13.4.5, 14.4, Clause 15, Clause 17, Clause 18	
1 c)	Introduction, 1, 3, 11.1, 11.2	Refer to 2a) to 2d) and 3a) to 3c)in this table
2 a)	4.1, 4.2, Clause 5, Clause 6, 7.1, 7.2, 7.7, 7.8, 7.10, Clause 8, Clause 9, 11.3, 11.4, Clause 12, 13.2, Clause 15, Clause 16, Clause 18, Annex A	
2 b)	Clause 4, 4.4.3, 4.5, 7.2, 7.3, 7.4, 7.9, 7.10, 11.2.3, 11.4, Clause 12, 13.1.4, 14.4, 14.5, 16.2.2	For electromagnetic fields, this standard does not provide performance requirements for either immunity or emissions. Only general advice is given. EMF is not covered. Ionizing radiation is not considered.
2 c)	4.1, 4.4.8, 5.3, 5.4, 5.5, 5.6, 7.5, 7.6, Clause 9, Clause 10, 13.1, Clause 14, 15.2	Noise is not considered in this standard. Functional safety is not fully covered. Explosion of batteries has not been covered by this standard. Optical radiation is not covered.
2 d)	6.2.3, 6.3, 6.4, 7.2.7, 9.4, Clause 12, 13.3, 13.4.3, 13.5,	

Safety objectives of Directive 2014/35/EU	Clause(s) / sub-clause(s) of this EN	Remarks/note
	14.4, Clause 18	
3 a)	6.2.2, 6.2.3, 8.2.1, 8.2.2, 8.2.3, 11.4, 12.2, 12.3, 12.6.1, 12.6.2, 13.3, 13.4, 13.5, 14.2 14.6	The standard only considers the mechanical requirements for electrical parts of a machine.
3 b)	4.6, 6.2.3, 10.1.3, 11.3, 11.4, 12.7.6	For EMC, this standard does not provide performance requirements for either immunity or emissions. Only general advice is given Hazard associated with EMC and functional safety are not covered. Safety-related security is not covered
3 c)	3, Clause 7, Clause 8, 9.2, 11.4, 14.6, 15.1	

WARNING 1 — Presumption of conformity stays valid only as long as a reference to this European Standard is maintained in the list published in the Official Journal of the European Union. Users of this e applicable standard should consult frequently the latest list published in the Official Journal of the European Union.

WARNING 2 — Other Union legislation may be applicable to the product(s) falling within the scope of this standard.

#### 11 Modification to Bibliography

Add the following notes for the standards indicated:
