

Corrigendum to EN 50107-3:2018

English version

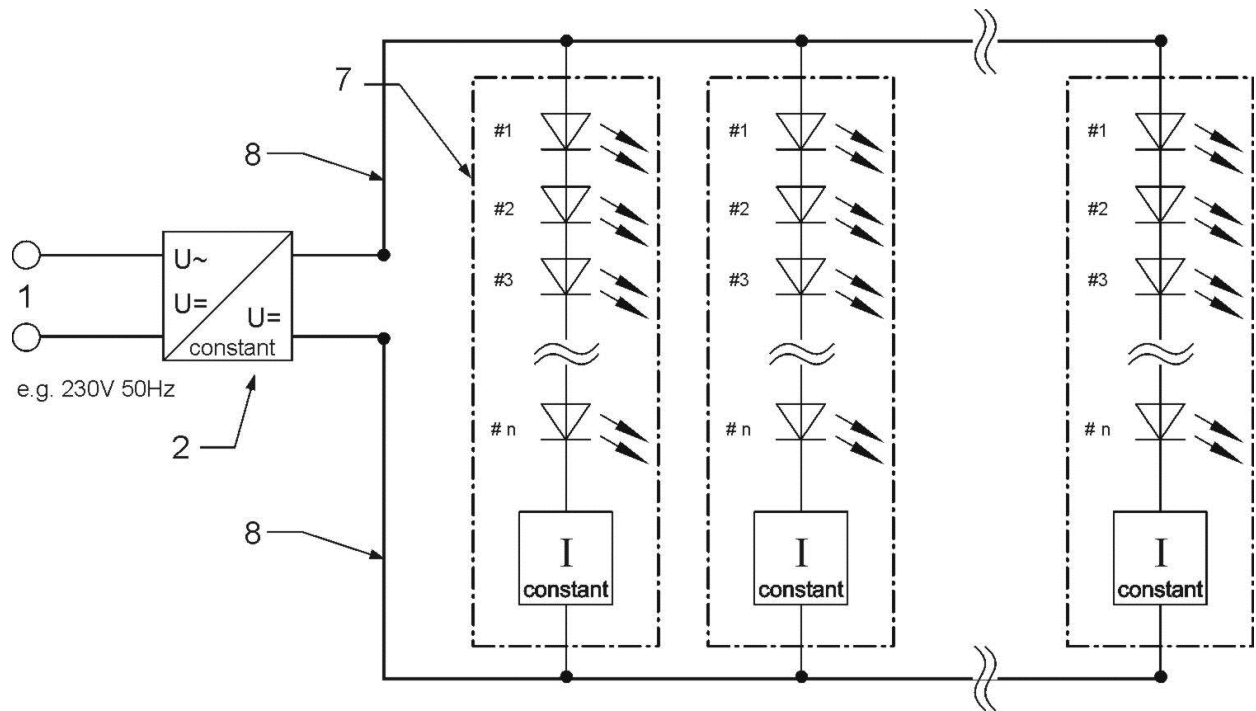

In the final version of EN 50107-3:2018 some figures have been cropped and do not appear correctly.

Please, replace the cropped figures (Figures 3, 4, 5, 6, 11 and 12) by the following ones:

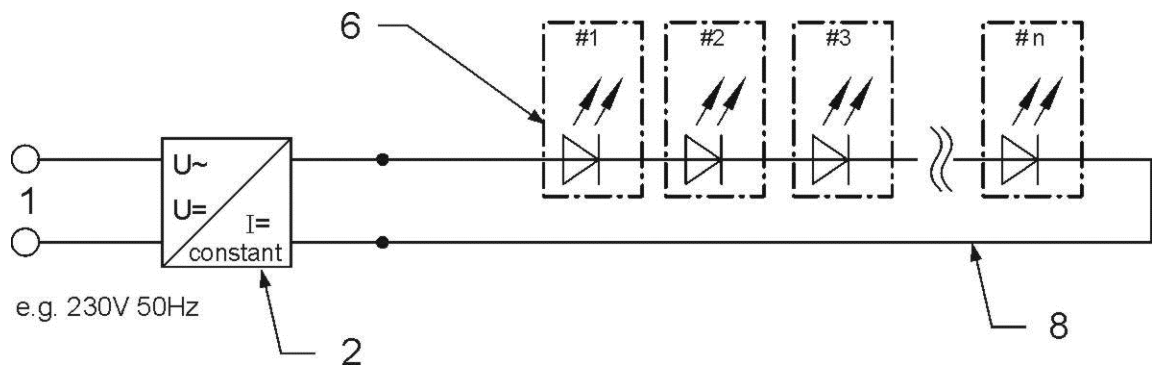

**Key**

- 3 letter / sign box
- 4 sign face
- 5 luminous-discharge tube
- 11 clearance distance
- 12 creepage distance

Figure 3 — Example of an arrangement within an internally illuminated letter/sign box – Clearances and creepage distances

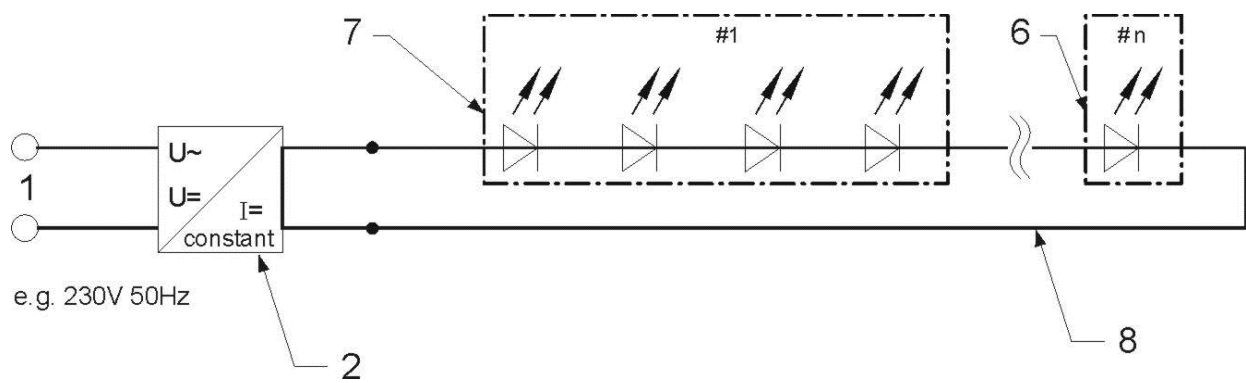

**Key**

- 1 power supply
- 2 controlgear
- 7 LED module
- 8 cables

Figure 4 — Circuit diagram for constant LED voltage**Key**

- 1 power supply
- 2 controlgear
- 6 LED
- 8 cable

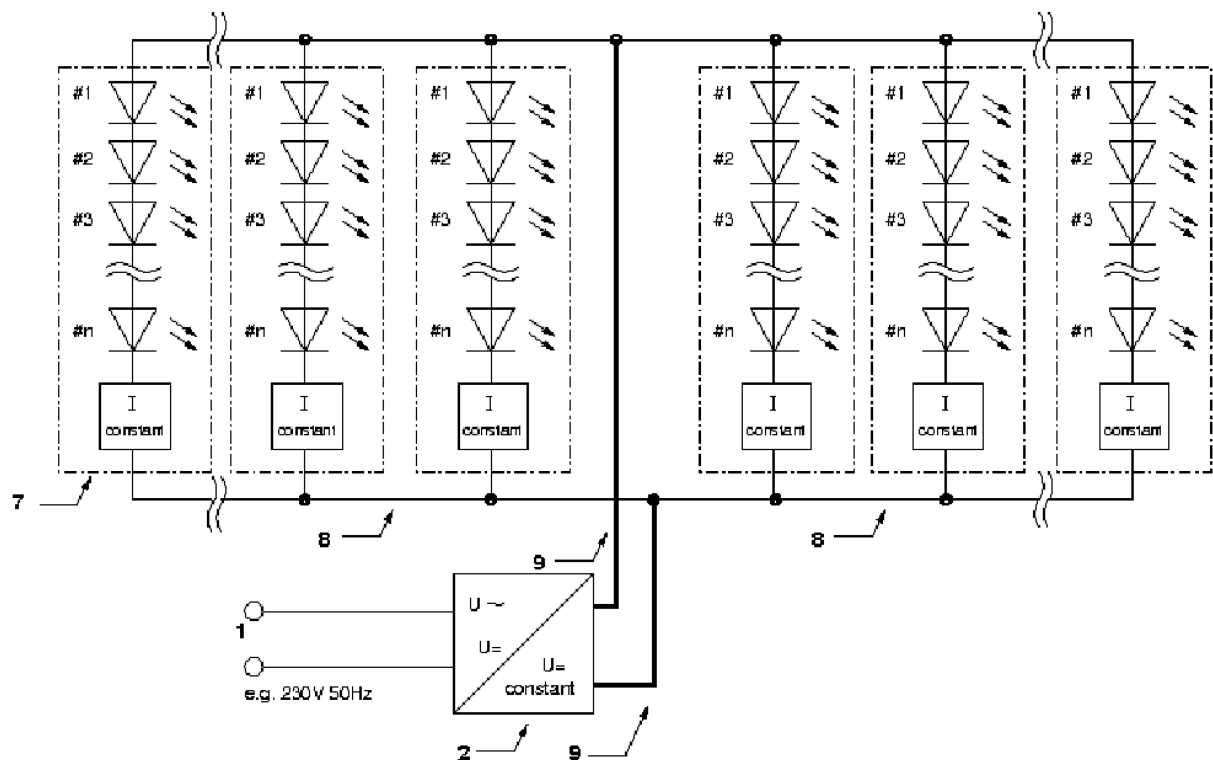

Figure 5 — Circuit diagram for constant LED current

Key

- 1 power supply
- 2 controlgear
- 6 LED
- 7 LED module
- 8 cable

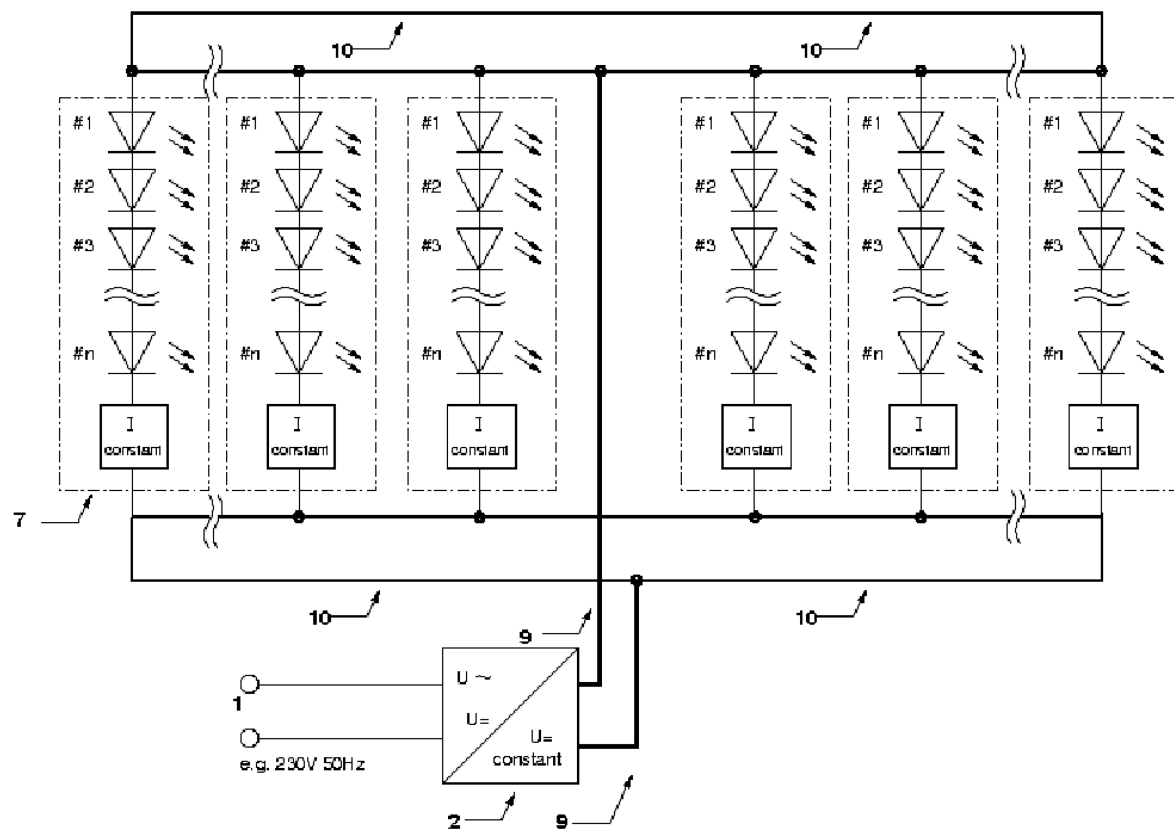

Figure 6 — Circuit diagram for constant LED module current

Key

- 1 power supply
- 2 controlgear
- 7 LED module
- 8 cables
- 9 feed cable

Figure 11 — Circuit diagram for constant LED voltage - centre feed system

Key

- 1 power supply
- 2 controlgear
- 7 LED module
- 8 cables
- 9 feed cables
- 10 ring cable, end-to-end connection

Figure 12 — Circuit diagram for constant LED voltage - ring feed system
