

Corrigendum to HD 60364-7-709:2009/A1:2012

English version

---

In Annex ZA, **replace** “up to” by “above” to read as follows:

**709.531.2 Germany**

**second**

**paragraph**

Every socket-outlet with a rated current above 32 A shall be individually protected by an RCD having a rated residual operating current not exceeding 300 mA.
