<p>Käsitlusala: Käesolev standard esitab meetodi polüvinüülkloriid-põrandakatete lenduva massikao määramiseks.</p>	<p>Scope:</p>
---	----------------------

ICS 97.150

Võtmesõnad: kaalukaod, kaalukaod kuumutamisel, lendaine, määramine, põrandakatted, testimine

ICS 91.180

Descriptors: Floor covering, testing, plastics, volatile matter loss.

English version

**Resilient floor coverings
Determination of volatile loss**

Revêtements de sol résilients; détermination de la perte de matières volatiles

Elastische Bodenbeläge; Bestimmung des Verlustes an flüchtigen Bestandteilen

This European Standard was approved by CEN on 1994-11-10.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
