Descriptors: Aluminium, aluminium alloys, cold drawn products, rod, bars, tolerances.

**English version**

**Aluminium and aluminium alloys**

Cold drawn rod/bar and tube

Part 6: Hexagonal bars: tolerances on dimensions and form

Aluminium et alliages d'aluminium; barres et tubes étirés. Partie 6: Barres hexagonales: Tolérances sur dimensions et forme

Aluminium und Aluminiumlegierungen; gezogene Stangen und Rohre. Teil 6: Sechskantstangen: Grenzabmaße und Formtoleranzen

This European Standard was approved by CEN on 1995-09-15.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

### Foreword

This European Standard has been prepared by Technical Committee CEN/TC 132 'Aluminium and aluminium alloys', the Secretariat of which is held by AFNOR.

The EN 754 series of standards comprises the following Parts:

- EN 754-1 Aluminium and aluminium alloys; cold drawn rod/bar and tube. Part 1: Technical conditions for inspection and delivery
- EN 754-2 Aluminium and aluminium alloys; cold drawn rod/bar and tube. Part 2: Mechanical properties
- EN 754-3 Aluminium and aluminium alloys; cold drawn rod/bar and tube. Part 3: Round bars: tolerances on dimensions and form
- EN 754-4 Aluminium and aluminium alloys; cold drawn rod/bar and tube. Part 4: Square bars: tolerances on dimensions and form
- EN 754-5 Aluminium and aluminium alloys; cold drawn rod/bar and tube. Part 5: Rectangular bars: tolerances on dimensions and form
- EN 754-6 Aluminium and aluminium alloys; cold drawn rod/bar and tube. Part 6: Hexagonal bars: tolerances on dimensions and form
- EN 754-7 Aluminium and aluminium alloys; cold drawn rod/bar and tube. Part 7: Seamless tubes: tolerances on dimensions and form
- EN 754-8 Aluminium and aluminium alloys; cold drawn rod/bar and tube. Part 8: Porthole tubes: tolerances on dimensions and form

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, and conflicting national standards withdrawn, by May 1996 at the latest.

In accordance with the CEN/CENELEC Internal Regulations, the following countries are bound to implement this European Standard:

Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
