This European Standard was approved by CEN on 2002-01-03.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

The European Standards exist in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, the Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, Malta, the Netherlands, Norway, Portugal, Slovakia, Spain, Sweden, Switzerland, and the United Kingdom.

## Foreword

International Standard

ISO 14895 : 2000 Small craft – Liquid-fuelled galley stoves, which was prepared by ISO/TC 188 'Small craft' of the International Organization for Standardization, has been adopted by CMC as a European Standard.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, and conflicting national standards withdrawn, by September 2003 at the latest.

In accordance with the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard:

Austria, Belgium, the Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, Malta, the Netherlands, Norway, Portugal, Slovakia, Spain, Sweden, Switzerland, and the United Kingdom.

## Endorsement notice

The text of the International Standard ISO 14895 : 2000 was approved by CEN as a European Standard without any modification.

## 1 Scope

This International Standard specifies the design and installation of permanently installed galley stoves using fuels which are liquids at atmospheric pressure on small craft of hull length up to 24 m.

Cooking appliances solely designed or intended as portable self-contained camping stoves are not covered.

## 2 Normative references

The following normative documents contain provisions which, through reference in this text, constitute provisions of this International Standard. For dated references, subsequent amendments to, or revisions of, any of these publications do not apply. However, parties to agreements based on this International Standard are encouraged to investigate the possibility of applying the most recent editions of the normative documents indicated below. For undated references, the latest edition of the normative document referred to applies. Members of ISO and IEC maintain registers of currently valid International Standards.

ISO 10239:2000, *Small craft — Liquefied petroleum gas (LPG) systems*.

ISO 9094-1:—<sup>1)</sup>, *Small craft — Fire protection — Part 1: Craft with a hull length of up to and including 15 m*.

ISO 9094-2:—<sup>2)</sup>, *Small craft — Fire protection — Part 2: Craft with a hull length of over 15 m*.

ISO 10240:1995, *Small craft — Owner's manual*.

ISO 10133:2000, *Small craft — Electrical systems — Extra-low-voltage d.c. installations*.

## 3 Terms and definitions

For the purposes of this International Standard, the following terms and definitions apply.

### 3.1

#### **galley stove**

#### **stove**

appliance designed for cooking that makes use of burners, an oven, a broiler or any combination of these items

### 3.2

#### **liquid fuel**

fuel which is liquid at atmospheric pressure

EXAMPLE Alcohol, kerosene and diesel fuel.
