#### Foreword

International Standard

ISO 15480: 1999 Hexagon washer head drilling screws with tapping screw thread,

which was prepared by ISO/TC 2 'Fasteners' of the International Organization for Standardization, has been adopted by Technical Committee CEN/TC 185 'Threaded and non-threaded mechanical fasteners and accessories', the Secretariat of which is held by DIN, as a European Standard.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, and conflicting national standards withdrawn, by March 2000 at the latest.

In accordance with the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard:

Austria, Belgium, the Gzech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, the Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, and the United Kingdom.

## Endorsement notice

The text of the International Standard ISO 15480 : 1999 was approved by CEN as a European Standard without any modification.

NOTE: Normative references to international publications are listed in Annex ZA (normative).

### 1 Scope

This International Standard specifies the characteristics of hexagon washer head drilling screws with tapping screw threads from ST2.9 up to and including ST6.3.

## 2 Normative references

The following normative documents contain provisions which, through reference in this text, constitute provisions of this International Standard. For dated references, subsequent amendments to, or revisions of, any of these publications do not apply. However, parties to agreements based on this International Standard are encouraged to investigate the possibility of applying the most recent editions of the normative documents indicated below. For undated references, the latest edition of the normative document referred to applies. Members of ISO and IEC maintain registers of currently valid International Standards.

ISO 1478:1999, Tapping screw thread.

ISO 3269:—<sup>1)</sup>, Fasteners — Acceptance inspection.

ISO 4042:1999, Fasteners — Electroplated coatings.

onero Product grades A, B and C. ISO 4759-1:-2), Tolerances for fasteners — Part 1: Bolts, screws, studs and nuts -

ISO 10666:1999, Drilling screws with tapping screw thread — Mechanical and functional properties. 5
