Descriptors: Steel wire, chain link fencing.

English version

Steel wire and wire products for fences

Part 6: Steel wire chain link fencing

Fils et produits tréfilés en acier pour
clôtures et grillages – Partie 6:
Grillage à simple torsion

Stahldraht und Drahterzeugnisse für
Zäune – Teil 6: Stahldrahtgeflecht mit
viereckigen Maschen

This European Standard was approved by CEN on 1998-02-26.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

The European Standards exist in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, the Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, the Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, and the United Kingdom.

Foreword

This European Standard has been prepared by Technical Committee ECISS/TC 30 "Steel wires", the secretariat of which is held by BSI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by September 1998, and conflicting national standards shall be withdrawn at the latest by September 1998.

This standard comprises the following parts:

- Part 1 Zinc and zinc alloy coated steel barbed wire
- Part 2 Hexagonal steel wire netting for agricultural, insulation and fencing purposes
- Part 3 Hexagonal steel wire netting for engineering purposes
- Part 4 Steel wire welded mesh fencing
- Part 5 Steel wire woven hinged joint and knotted mesh fencing
- Part 6 Steel wire chain link fencing

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

1 Scope

This Part of this European Standard specifies dimensions, properties and coatings of steel wire chain link fencing.

2 Normative references

This European Standard incorporates by dated or undated reference, provisions from other publications. These normative references are cited at the appropriate places in the text and the publications are listed hereafter. For dated references, subsequent amendments to or revisions of any of these publications apply to this European Standard only when incorporated in it by amendment or revision. For undated references the latest edition of the publication referred to applies.
