**Fachgrundspezifikation:**  
**Kathodenstrahlröhren**

This European Standard was approved by the CENELEC Electronic Components Committee (CECC) on 20 November 1991. The text of this standard consists of the text of CECC 11 000 Issue 1 1980 (with A1 and addendum) of the corresponding CECC Specification. CENELEC members are bound to comply with CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the General Secretariat of the CECC or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the CECC General Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, and United Kingdom. The membership of the CECC is identical, with the exception of the national electrotechnical committees of Greece, Iceland and Luxembourg.

## ADDENDUM

*Cette page bleue doit être insérée après la page de garde de la CECC 11 000 Edition 1 (1980)*  
**MODIFICATION 1 A LA CECC 11 000 (Edition 1) ADDENDUM**

**SPECIFICATION GÉNERIQUE:  
TUBES A RAYONS CATHODIQUES**

- 1) Insérer après la page de garde:
  - la feuille jaune "Enregistrement des modifications"
  - la page bleue - liste des adresses (les adresses qui se trouvent au dos de la page de couverture ne sont plus valides).
- 2) Remplacer les pages 1 et 2 par les nouvelles pages 1 et 2.

Enregistrer cette modification/ADDENDUM sur la feuille jaune "Enregistrement des modifications".

**CECC 11 000 Edition 1 Modification 1 (1988)  
ADDENDUM**

## ADDENDUM

*This blue page should be inserted after the title page of CECC 11 000 Issue 1 (1980)*  
**AMENDMENT 1 TO CECC 11 000 (Issue 1) ADDENDUM**

**GENERIC SPECIFICATION:  
CATHODE RAY TUBES**

- 1) Insert after the title page:
  - the yellow "Record of amendments" sheet"
  - the blue address sheet (the list of addresses on the inside cover are no longer valid)
- 2) Replace pages 1 and 2 with the new pages 1 and 2.

Enter this amendment/ADDENDUM in the yellow "Record of amendments" sheet.

## FOREWORD

The CENELEC Electronic Components Committee (CECC) is composed of those member countries of the European Committee for Electrotechnical Standardization (CENELEC) who wish to take part in a harmonized System for electronic components of assessed quality.

The object of the System is to facilitate international trade by the harmonization of the specifications and quality assessment procedures for electronic components, and by the grant of an internationally recognized Mark, or Certificate, of Conformity. The components produced under the System are thereby accepted by all member countries without further testing.

This specification has been formally approved by the CECC, and has been prepared for those countries taking part in the System who wish to issue national harmonized specifications for CATHODE RAY TUBES. It should be read in conjunction with the current regulations for the CECC System.

At the date of printing of this specification, the member countries of the CECC are Austria, Belgium, Denmark, Finland, France, Germany, Ireland, Italy, the Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom, and copies of it can be obtained from the addresses shown on the blue fly sheet.

## PREFACE

This specification was prepared by CECC WG 11: "ELECTRO-OPTICAL DEVICES".

It is based, wherever possible, on the Publications of the International Electrotechnical Commission and in particular on IEC 151-14 "Methods of measurement of radar and oscilloscope cathode ray tubes".

The text of this specification was circulated to the CECC for voting in the document(s) indicated below and was ratified by the President of the CECC for printing as a CECC Specification.

<u>Document</u>	<u>Date of Voting</u>	<u>Report on the Voting</u>
CECC(Secretariat)303	November 1975	CECC(Secretariat)459

This specification will be supplemented by blank detail specifications applicable to each sub-family of cathode ray tubes.

The CECC Management Committee at its meeting in Copenhagen March 1979 decided that as the German National Authorized Institution would not be implementing the requirements of this CECC generic specification, the text should be published in the English and French versions only.
