English version

Safety nets - Part 2: Safety requirements for the positioning limits

Filets de sécurité - Partie 2: Exigences de sécurité concernant les limites de montage

Schutznetze (Sicherheitsnetze) - Teil 2:
Sicherheitstechnische Anforderungen für die Errichtung von Schutznetzen

This European Standard was approved by CEN on 4 May 2002.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This document EN 1263-2:2002 has been prepared by Technical Committee CEN/TC 53 "Temporary works equipment", the secretariat of which is held by DIN.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by February 2002, and conflicting national standards shall be withdrawn at the latest by February 2002.

This document supersedes EN 1263-2:1998.

Amendments: Table 1 is added, Figure 5 is deleted, Figure 8 is revised.

This European Standard is one of a series of standards as listed below:

EN 1263-1, *Safety nets - Part 1: Safety requirements, test methods.*

EN 1263-2, *Safety nets - Part 2: Safety requirements for the positioning limits.*

Annex A is informative.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

1 Scope

This European Standard specifies safety requirements for the positioning of safety nets in accordance with the manufacturer's instruction manual and with the product specifications and for the testing of system S, system T, system U and system V safety nets in accordance with EN 1263-1.

Small safety nets of system S according to EN 1263-1 (less than 35 m² and 5,0 m on the shortest side) are not dealt with in this European Standard.

2 Normative references

This European Standard incorporates by dated or undated reference, provisions from other publications. These normative references are cited at the appropriate places in the text, and the publications are listed hereafter. For dated references, subsequent amendments to or revisions of any of these publications apply to this European Standard only when incorporated in it by amendment or revision. For undated references the latest edition of the publication referred to applies (including amendments).

EN 1263-1, *Safety nets - Part 1: Safety requirements, test methods.*

prEN 13374, *Temporary edge protection systems - Product specification, test methods.*

3 Terms and definitions

For the purposes of this European Standard, the terms and definitions given in EN 1263-1 apply.
