### **Foreword**

International Standard

ISO 8746: 1997 Grooved pins with round head,

which was prepared by ISO/TC 2 'Fasteners' of the International Organization for Standardization, has been adopted by Technical Committee CEN/TC 185 'Threaded and non-threaded mechanical fasteners and accessories', the Secretariat of which is held by DIN, as a European Standard.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, and conflicting national standards withdrawn, by May 1998 at the latest.

In accordance with the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard:

Austria, Belgium, the Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, the Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, and the United Kingdom.

Endorsement notice
The text of the International Standard ISO 8746: 1997 was approved by CEN as a European Standard without any modification.

## 1 Scope

This International Standard specifies the characteristics of round head grooved pins which have three equally spaced grooves impressed longitudinally on their exterior surface, with nominal diameter,  $d_{1}$ , from 1,4 mm to 20 mm inclusive.

The displaced material to each side of the grooves forming an expanded diameter,  $d_2$ , which is larger than the nominal diameter  $d_1$  will cause a non-positive locking fit when these grooved pins are forced into a drilled hole equal to the nominal diameter  $d_1$  (see clause 4).

# 2 Normative references

The following standards contain provisions which, through reference in this text, constitute provisions of this International Standard At the time of publication, the editions indicated were valid. All standards are subject to revision, and parties to agreements based on this International Standard are encouraged to investigate the possibility of applying the most recent editions of the standards indicated below.
