English version

Concrete pavements - Part 1: Test method for the determination
of the thickness of a concrete pavement by survey method

Revêtement en béton - Méthodes d'essais - Partie 1:
Détermination de l'épaisseur de la dalle de béton par voie
non destructive

Fahrbahnbefestigungen aus Beton - Teil 1: Prüfverfahren
zur Dickenbestimmung einer Fahrbahnbefestigung aus
Beton durch Vermessung

This European Standard was approved by CEN on 25 March 2003.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Slovakia, Spain, Sweden, Switzerland and United Kingdom.
