English version

Wood-based panels - Wood veneer floor covering

Panneaux à base de bois - Revêtement de sol à placage
bois

Holzwerkstoffe - Furnierte Fußbodenbeläge

This European Standard was approved by CEN on 27 October 2004.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This document (EN 14354:2004) has been prepared by Technical Committee CEN/TC 112 "Wood-based panels", the secretariat of which is held by DIN.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by June 2005, and conflicting national standards shall be withdrawn at the latest by June 2005.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard : Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.

1 Scope

This document specifies definitions, requirements and test methods for wood veneer floor coverings for internal use. It gives guidance for the evaluation of conformity of the products to the requirements of this standard.

Wood-veneer floor coverings without finishing are excluded.

2 Normative references

The following referenced documents are indispensable for the application of this document. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

EN 319, *Particleboards and fibreboards — Determination of tensile strength perpendicular to the plane of the board.*

EN 322, *Wood based panels — Determination of moisture content.*

EN 438-2:1991, *Decorative high-pressure laminates (HPL) — Sheets based on thermosetting resins — Part 2: Determination of properties (ISO 4586-2:1988 modified).*

EN 685, *Resilient floor coverings — Classification.*

EN 1534, *Wood and parquet flooring — Determination of resistance to indentation (Brinell) — Test method.*

EN 1910, *Wood and parquet flooring and wood panelling and cladding — Determination of dimensional stability.*

EN 13329:2000, *Laminate floor coverings — Specifications, requirements and test methods.*

EN 60454-2:1995, *Specification for pressure-sensitive adhesive tapes for electrical purposes — Part 2: Methods of test (IEC 60454-2:1994).*

EN ISO 2409, *Paints and varnishes — Cross cut test (ISO 2409:1992).*

3 Terms and definitions

For the purposes of this document, the following terms and definitions apply:

3.1
wood veneer floor covering
rigid floor covering consisting of a substrate made from a wood-based panel, with a top layer of wood veneer and possibly a backing

3.2
top layer
finished upper wood layer, intended to be the visible side when the floor is installed

3.3
substrate
core material of the wood veneer floor covering

3.4
backing
layer opposite to the top layer
