Foreword

The text of the International Standard IEC 60364-7-711:1998, prepared by IEC TC 64, Electrical installations and protection against electric shock, together with the common modifications prepared by SC 64B, Protection against thermal effects, of Technical Committee CENELEC TC 64, Electrical installations and protection against electric shock, was submitted to the formal vote and was approved by CENELEC as HD 384.7.711 S1 on 2003-02-01.

The following dates were fixed:

- latest date by which the existence of the HD has to be announced at national level (doa) 2003-08-01
- latest date by which the HD has to be implemented at national level by publication of a harmonized national standard or by endorsement (dop) 2004-02-01
- latest date by which the national standards conflicting with the HD have to be withdrawn (dow) 2006-02-01

Subclauses which are additional to those in IEC 60364-7-711 are prefixed "Z".

In this Harmonization Document the common modifications to the International Standard are indicated by a vertical line in the left margin of the text.

Annexes designated „normative“ are part of the body of the standard.

In this standard, Annexes ZA and ZB are normative.

Annexes ZA and ZB have been added by CENELEC.

Introduction

The requirements of this part of IEC 60364 modify or replace certain of the general requirements of IEC 60364.

The clause numbering of part 7-711 follows the pattern and corresponding references of IEC 60364.

The numbers following the particular number of part 7-711 are those of the corresponding parts or clauses of IEC 60364.

The absence of reference to a part or a clause means that the general requirements of IEC 60364 are applicable.

Numbering in parentheses corresponds to the numbering of the "non restructured" IEC 60364 dated before 2002.

711 Exhibitions, shows and stands

711.1 Scope, object and fundamental principles

711.1.1 Scope

The particular requirements of this part of IEC 60364, in association with IEC 60364, parts 1 to 6, apply to the temporary electrical installations in exhibitions, shows and stands (including mobile and portable displays and equipment) to protect users.

Unless specifically stated, this part does not apply to exhibits for which requirements are given in the relevant standards.

This part does not apply to the fixed electrical installation of the building, if any, in which the exhibition, shows or stands may take place.

711.1.2 Normative references

See Annex ZA.

711.2 Definitions

For the purpose of this part of IEC 60364, the following definitions apply.

711.2.1

exhibition

event intended for the purpose of displaying and/or selling products etc., which can take place in any suitable location, either a room, building or temporary structure

711.2.2

show

display or performance in any suitable location, either a room, building or temporary structure

711.2.3

stand

area or temporary structure used for display, marketing, sales, entertainment etc.

711.2.4

temporary structure

a unit or a part of a unit including mobile portable units, situated indoors or outdoors, designed and intended to be assembled and dismantled

711.2.5

temporary electrical installation

electrical installation erected and dismantled at the same time as the stand or the display with which it is associated

711.2.6

origin of the temporary electrical installation

point on the permanent installation or other source of supply from which electrical energy is delivered
