

Metallic coatings on nonmetallic basis materials - Measurement of coating thickness - Microresistivity method

Metallic coatings on nonmetallic basis materials - Measurement of coating thickness - Microresistivity method

EESTI STANDARDI EESSÖNA**NATIONAL FOREWORD**

Käesolev Eesti standard EVS-EN 14571:2005 sisaldb Euroopa standardi EN 14571:2005 ingliskeelset teksti.	This Estonian standard EVS-EN 14571:2005 consists of the English text of the European standard EN 14571:2005.
Käesolev dokument on jõustatud 22.06.2005 ja selle kohta on avaldatud teade Eesti standardiorganisatsiooni ametlikus väljaandes.	This document is endorsed on 22.06.2005 with the notification being published in the official publication of the Estonian national standardisation organisation.
Standard on kättesaadav Eesti standardiorganisatsioonist.	The standard is available from Estonian standardisation organisation.

Käsitlusala:

This document describes a method for nondestructive measurements of the thickness of conductive coatings on nonconductive base materials.

Scope:

This document describes a method for nondestructive measurements of the thickness of conductive coatings on nonconductive base materials.

English version

Metallic coatings on nonmetallic basis materials - Measurement
of coating thickness - Microresistivity method

Revêtements métalliques sur matériaux non-métalliques -
Mesurage de l'épaisseur des revêtements - Méthode
utilisant la microrésistivité

Metallische Überzüge auf nichtmetallischen
Grundwerkstoffen - Schichtdickenmessung - Mikro-
Widerstand-Verfahren

This European Standard was approved by CEN on 3 March 2005.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This document (EN 14571:2005) has been prepared by Technical Committee CEN/TC 262 "Metallic and other inorganic coatings", the secretariat of which is held by BSI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by October 2005, and conflicting national standards shall be withdrawn at the latest by October 2005.

This document includes a Bibliography.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
