

Temporary works equipment - Safety nets - Part 2:
Safety requirements for the positioning limits

EESTI STANDARDI EESSÕNA

NATIONAL FOREWORD

See Eesti standardi EVS-EN 1263-2:2014 sisaldab Euroopa standardi EN 1263-2:2014 inglisekeelset teksti.	This Estonian standard EVS-EN 1263-2:2014 consists of the English text of the European standard EN 1263-2:2014.
Standard on jõustunud sellekohase teate avaldamisega EVS Teatajas	This standard has been endorsed with a notification published in the official bulletin of the Estonian Centre for Standardisation.
Euroopa standardimisorganisatsioonid on teinud Euroopa standardi rahvuslikele liikmetele kättesaadavaks 17.12.2014.	Date of Availability of the European standard is 17.12.2014.
Standard on kättesaadav Eesti Standardikeskusest.	The standard is available from the Estonian Centre for Standardisation.

Tagasisidet standardi sisu kohta on võimalik edastada, kasutades EVS-i veebilehel asuvat tagasiside vormi või saates e-kirja meiliaadressile standardiosakond@evs.ee.

English Version

Temporary works equipment - Safety nets - Part 2: Safety requirements for the positioning limits

Équipement temporaires de chantiers - Filets de sécurité -
Partie 2 : Exigences de sécurité concernant les limites de
montage

Temporäre Konstruktionen für Bauwerke - Schutznetze
(Sicherheitsnetze) - Teil 2: Sicherheitstechnische
Anforderungen für die Errichtung von Schutznetzen

This European Standard was approved by CEN on 8 November 2014.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.

Foreword

This document (EN 1263-2:2014) has been prepared by Technical Committee CEN/TC 53 "Temporary works equipment", the secretariat of which is held by DIN.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by June 2015 and conflicting national standards shall be withdrawn at the latest by June 2015.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN [and/or CENELEC] shall not be held responsible for identifying any or all such patent rights.

This document supersedes EN 1263-2:2002.

This European Standard is one of a series of standards as listed below:

- EN 1263-1, *Temporary works equipment — Safety nets — Part 1: Safety requirements, test methods*
- EN 1263-2, *Temporary works equipment — Safety nets — Part 2: Safety requirements for the positioning limits*

The significant changes incorporated in this revision are:

- a) revision of Figures 1, 2, 4, and 5;
- b) complete editorial revision.

According to the CEN-CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

1 Scope

This European Standard specifies safety requirements for the positioning of safety nets in accordance with the manufacturer's instruction manual and with the product specifications and for the testing of system S, system T, system U and system V safety nets in accordance with EN 1263-1.

Small safety nets of system S according to EN 1263-1 (less than 35 m² and 5,0 m on the shortest side) are not dealt with in this European Standard.

2 Normative references

The following documents, in whole or in part, are normatively referenced in this document and are indispensable for its application. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

EN 1263-1:2014, *Temporary works equipment — Safety nets — Part 1: Safety requirements, test methods*

3 Terms and definitions

For the purposes of this document, the terms and definitions given in EN 1263-1:2014 apply.

4 Safety requirements

4.1 Instruction manual

For the use and application of safety nets an instruction manual (guidance) in accordance with EN 1263-1:2014, Clause 9 shall be included with each consignment of safety net. This instruction manual shall be available in the language of the user. It shall contain at least the following information:

- required anchorage forces;
- maximum fall height;
- minimum catching width;
- safety net linkage;
- minimum distance below the safety net;
- storage;
- examination;
- replacement.

In addition to these instructions, special installation instructions shall be followed according to the specific application of the net.

4.2 Fall height

The fall heights H_i , H_e and H_r are defined in Table 1.
