This European Standard was approved by the CENELEC Electronic Components Committee (CECC) on 14 January 1992. The text of this standard consists of the text of CECC 68 101 Issue 1 (with erratum) 1989 of the corresponding CECC Specification. CENELEC members are bound to comply with CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the General Secretariat of the CECC or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the CECC General Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, and United Kingdom. The membership of the CECC is identical, with the exception of the national electrotechnical committees of Greece, Iceland and Luxembourg.

Cette page bleue doit être insérée après la page de garde de la CECC 68 101 (Edition 1) 1989

SPECIFICATION PARTICULIERE CADRE:

RESONATEURS A QUARTZ

ERRATUM

Le titre sur la couverture et la page de garde doit être modifié comme suit:

RESONATEURS A QUARTZ
(Agrément de Savoir-faire)

Cette modification doit être effectuée à la main.

Enregistrer cette modification sur la feuille jaune "Enregistrement des modifications".

This blue page should be inserted after the title page of CECC 68 101 (Issue 1) 1989

BLANK DETAIL SPECIFICATION :

QUARTZ CRYSTAL UNITS

ERRATUM

The title on the cover and the title page shall be completed to read:

QUARTZ CRYSTAL UNITS
(Capability Approval)

This amendment should be added in manuscript.

Enter this amendment on the yellow "Record of amendments" sheet.

Dieses blaue Blatt ist nach dem Titelblatt der CECC 68 101 (Ausgabe 1) 1989 einzufügen

VORDRUCK FÜR BAUARTSPEZIFIKATION :

SCHWINGQUARZE

ERRATUM

Der Titel auf dem Umschlag und dem Titelblatt ist wie folgt zu ergänzen:

SCHWINGQUARZE
(Befähigungsanerkennung)

Diese Änderung ist handschriftlich vorzunehmen.

Diese Änderung ist auf dem gelben Blatt "Verzeichnis der Änderungen" einzutragen.

FOREWORD

The CENELEC Electronic Components Committee (CECC) is composed of those member countries of the European Committee for Electrotechnical Standardization (CENELEC) who wish to take part in a harmonized System for electronic components of assessed quality.

The object of the System is to facilitate international trade by the harmonization of the specifications and quality assessment procedures for electronic components, and by the grant of an internationally recognized Mark, or Certificate, of Conformity. The components produced under the System are thereby acceptable in all member countries without further testing.

This specification has been formally approved by the CECC, and has been prepared for those countries taking part in the System who wish to issue national harmonized specifications for QUARTZ CRYSTAL UNITS. It should be read in conjunction with the current regulations for the CECC System.

At the date of printing of this document the member countries of the CECC are, Austria, Belgium, Denmark, Finland, France, Germany, Ireland, Italy, the Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom, and copies of it can be obtained from the addressees shown on the blue fly sheet.

PREFACE

This blank detail specification was prepared by CECC Working Group 17 : Piezoelectric devices for frequency control and selection.

It is based, wherever possible, on the Publications of the International Electrotechnical Commission and in particular on IEC Publication 122-1: Quartz crystal units for frequency control and selection: Part 1: Standard values and test conditions.

The text of this blank detail specification was circulated to the CECC for voting in the documents listed below and was ratified by the President of the CECC for publication as a CECC Specification.

<u>Document</u>	<u>Voting</u>	<u>Report on the Voting</u>
CECC(Secretariat)2189	May 1988	CECC(Secretariat)2313

NOTE: This specification is published initially in French and English. The German text will follow as soon as it has been prepared.
