This European Standard was approved by the CENELEC Electronic Components Committee (CECC) on 30 April 1994. CENELEC members are bound to comply with CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the General Secretariat of the CECC or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the CECC General Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, and United Kingdom. The membership of the CECC is identical, with the exception of the national electrotechnical committees of Greece, Iceland and Luxembourg.

FOREWORD

The CENELEC Electronic Components Committee (CECC) is composed of those member countries of the European Committee for Electrotechnical Standardization (CENELEC) who wish to take part in a harmonized System for electronic components of assessed quality.

The object of the System is to facilitate international trade by the harmonization of the specifications and quality assessment procedures for electronic components, and by the grant of an internationally recognized Mark, or Certificate, of Conformity. The components produced under the System are thereby acceptable in all member countries without further testing.

This European Standard was prepared by CECC WG 9, 'Integrated Circuits'.

The text of the draft based on document CECC 90 109 Issue 2 : 1989 (with A1) was submitted to the formal vote for conversion to a European Standard; together with the voting report, circulated as document CECC(Secretariat)3538 it was approved by CECC as EN 190 109 on 30 April 1994.

The following dates were fixed:

- latest date of announcement of the EN at national level	(doa)	1994-09-01
- latest date of publication of an identical national standard*	(dop)	1995-03-01
- latest date of withdrawal of conflicting national standards*	(dow)	1996-03-01

* National Standard (excluding National implementation of IECQ Specifications)

AMENDMENT 1 A LA CECC 90 109 (Edition 2)
SPECIFICATION DE FAMILLE
CIRCUITS INTEGRES LOGIQUES HC MOS -
Séries HC/HCT/HCU

La modification suivante doit être effectuée :

Remplacer les pages 25/26 et 27 à 36 par les nouvelles pages 25/26 et 27/28, 29/30, 31/32 ci-jointes.

Enregistrer cette modification sur la feuille jaune "Enregistrement des amendements".

Le texte de cet amendement a été soumis au vote du CECC dans les documents indiqués ci-dessous et a été ratifié par le Président du CECC pour être publié.

Document Date de vote Rapport de vote

CECC(Secretariat)2984 Février 1992 CECC(Secretariat)3043

This blue page shall be inserted after the title page of CECC 90 109 Issue 2 (1989)

AMENDMENT 1 TO CECC 90 109 (Issue 2)
FAMILY SPECIFICATION
DIGITAL INTEGRATED HC MOS CIRCUITS -
Series HC/HCT/HCU

The following amendment shall be made :

Replace pages 25/26 and 27 to 36 by new pages 25/26 and 27/28, 29/30, 31/32.

Enter this amendment on the yellow "Record of amendments" sheet.

This amendment was circulated to the CECC for voting in the documents listed below and was ratified by the president of the CECC for publication.
