NORME EUROPÉENNE

EUROPÄISCHE NORM

January 2002

ICS 91.140.70

Supersedes together with EN 274-1:2002 and EN 274-2:2002 the EN 274:1992, EN 329:1994 and EN 411:1995

English version

Waste fittings for sanitary appliances - Part 3: Quality control

Dispositifs de vidage des appareils sanitaires - Partie 3:
Contrôle de qualité

Ablaufgarnituren für Sanitärausstattungsgegenständen -
Teil 3: Güteüberwachung

This European Standard was approved by CEN on 20 January 2000.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This European Standard has been prepared by CEN/TC 165, "Wastewater engineering", the secretariat of which is held by DIN.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by July 2002, and conflicting national standards shall be withdrawn at the latest by July 2002.

Together with Parts 1 and 2 of this standard this European Standard supersedes EN 274:1992, EN 239:1994 and EN 411:1995.

The other parts of the European Standard contain the necessary statements on requirements and testing of waste fittings.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this document: Austria, Belgium, the Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

1 Scope

This standard specifies the requirements for quality control for waste outlets, traps and overflows for kitchen sinks, shower trays, wash basins, bidets and baths which are connected to gravity drainage systems, whatever the purpose of the building, to ensure conformity of these products with EN 274-1.

2 Normative references

This European Standard incorporates by dated or undated reference, provisions from other publications. These normative references are cited at the appropriate places in the text, and the publications are listed hereafter. For dated references, subsequent amendments to or revisions of any of these publications apply to this European Standard only when incorporated in it by amendment or revision. For undated references the latest edition of the publication referred to applies (including amendments).

EN 274-1, *Waste fittings for sanitary appliances - Part 1: Requirements.*

EN 274-2, *Waste fittings for sanitary appliances - Part 2: Test methods.*

3 Terms and definitions

For the purpose of this standard the terms and definitions given in EN 274-1 apply.
