

Elastsed põrandakatted. Jääkjälgede määramine pärast staatilist koormamist

Resilient floor coverings - Determination of residual
indentation after static loading

EESTI STANDARDI EESSÕNA

NATIONAL FOREWORD

Käesolev Eesti standard EVS-EN 433:2000 sisaldab Euroopa standardi EN 433:1994 ingliskeelset teksti.	This Estonian standard EVS-EN 433:2000 consists of the English text of the European standard EN 433:1994.
Käesolev dokument on jõustatud 11.01.2000 ja selle kohta on avaldatud teade Eesti standardiorganisatsiooni ametlikus väljaandes.	This document is endorsed on 11.01.2000 with the notification being published in the official publication of the Estonian national standardisation organisation.
Standard on kättesaadav Eesti standardiorganisatsioonist.	The standard is available from Estonian standardisation organisation.

Käsitlusala: Käesolev standard esitab meetodi selliste jääkjälgede määramiseks, mis on elastsesse põrandakattesesse tekkinud pärast püsiva koormuse rakendumist ja selle eemaldamist.	Scope:
---	---------------

ICS 97.150

Võtmesõnad: läbistustestid, põrandakatted, põrandaplaadid, tekstiilist põrandakatted, vastupidavus läbistavale löögile

UDC 698.7:692.535.6:645.13:620.173.224.1

Descriptors: Floor covering, testing, plastics, residual indentation.

English version

Resilient floor coverings

Determination of residual indentation after static loading

Revêtements de sol résilients; détermination du poinçonnement rémanent après application d'une charge statique

Elastische Bodenbeläge; Bestimmung des Resteindrucks nach konstanter Belastung

This European Standard was approved by CEN on 1994-08-22.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
