This European Standard was approved by CENELEC on 1992-06-16.

CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

FOREWORD

The CENELEC questionnaire procedure, performed for finding out whether or not the International Standard IEC 61-4:1990 could be accepted without textual changes, has shown that a common modification was necessary for the acceptance as European Standard.

The reference document, together with a common modification prepared by the CENELEC Technical Committee TC 34Z, was submitted to the CENELEC members for formal vote.

The text of the draft was approved by CENELEC as EN 60061-4 on 16 June 1992.

The following dates were fixed:

- latest date of publication of
an identical national standard (dop) 1993-06-01
- latest date of withdrawal of
conflicting national standards (dow) 1993-06-01

For products which have complied with the relevant national standard before 1993-06-01, as shown by the manufacturer or by a certification body, this previous standard may continue to apply for production until 1998-06-01.

ENDORSEMENT NOTICE

The text of the International Standard IEC 64-1:1990 was approved by CENELEC as a European Standard with an agreed common modification as given below.
