English version

Fibre ropes for general service - Manila and sisal

Cordages en fibres pour usages divers - Abaca
(manille) et sisal

Faserseile für allgemeine Verwendung - Manila
und Sisal

This European Standard was approved by CEN on 1995-07-02. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

The European Standards exist in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This European Standard has been prepared by the Technical Committee CEN/TC 248 "Textiles and textile products", of which the secretariat is held by BSI.

This European Standard shall be given the status of a National Standard, either by publication of an identical text or by endorsement, at the latest by February 1996, and conflicting national standards shall be withdrawn at the latest by February 1996.

According to the CEN/CENELEC Internal Regulations, the following countries are bound to implement this European Standard: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

This standard is based on ISO 1181 "Ropes - Manila and sisal - Specification"

1 Scope

This European standard specifies requirements for 3-strand hawser-laid and 4-strand shroud laid ropes and 8-strand plaited ropes for general service made of manila and of sisal and gives rules for their designation.

2 Normative references

This European Standard incorporates by dated or undated reference, provisions from other publications. These normative references are cited at the appropriate places in the text and the publications are listed hereafter. For dated references, subsequent amendments to or revisions of any of these publications apply to this European Standard only when incorporated in it by amendment or revision. For undated references the latest edition of the publication referred to applies

ISO 1968	Ropes and cordage - Vocabulary
EN 919: 1995	Fibre ropes for general service - Determination of certain physical and mechanical properties
EN 701: 1995	Fibre ropes for general service - General specification

3 Definitions

For the purposes of this standard, the definitions given in ISO 1968 apply.

4 Designation

Fibre ropes shall be designated by

- the words "fibre rope";
- the number of this European standard;
- the construction or type of rope (see clause 5);
- the reference number of the rope;
- the material from which the rope is made.
