FOREWORD

This document:

— is the Estonian National Annex to the European Standard EN 1996-1-2:2005 „Eurocode 6: Design of masonry structures – Part 1-2: General rules – Structural fire design“. It includes Estonian Nationally Determined Parameters (NDP) and procedures and it must be used together with EN 1996-1-2 for structural design of buildings and civil engineering works built in Estonia,

— was ratified with an order of Estonian Centre for Standardisation dated 14.03.2008 nr 41,

— is endorsed with the notification published in the April 2008 issue of the official bulletin of the Estonian Centre for Standardisation.

The National Annex of EVS-EN 1996-1-2 was prepared by Tallinn University of Technology's Department of Structural Design's docent Väino Voltri. This document has been approved by Technical Committees EVS/TK 13 „Ehituskonstruktsioonide projekteerimine“ and EVS/TK 18 „Müüritis“.

The proposition to prepare a National Annex was made by EVS/TK 13, it was coordinated by the Estonian Centre for Standardisation and funded by the Ministry of Economic Affairs and Communications.

This document includes the text of it's corrigendum EVS-EN 1996-1-2/NA:2008/AC:2011.
