## EESTI STANDARDI EESSÕNA

## NATIONAL FOREWORD

Käesolev Eesti standard EVS-EN ISO/IEC 7812-2:2008 sisaldab Euroopa standardi EN ISO/IEC 7812-2:1995 ingliskeelset teksti.

Standard on kinnitatud Eesti Standardikeskuse 25.09.2008 käskkirjaga ja jõustub sellekohase teate avaldamisel EVS Teatajas.

Euroopa standardimisorganisatsioonide poolt rahvuslikele liikmetele Euroopa standardi teksti kättesaadavaks tegemise kuupäev on 27.11.1999.

Standard on kättesaadav Eesti standardiorganisatsioonist.

This Estonian standard EVS-EN ISO/IEC 7812-2:2008 consists of the English text of the European standard EN ISO/IEC 7812-2:1995.

This standard is ratified with the order of Estonian Centre for Standardisation dated 25.09.2008 and is endorsed with the notification published in the official bulletin of the Estonian national standardisation organisation.

Date of Availability of the European standard text 27.11.1999.

The standard is available from Estonian standardisation organisation.

Descriptors: Identification cards, registration, issuers, information processing.

Together with  
EN ISO/IEC 7812-1:1995,  
supersedes EN 27812:1989.

English version

Identification cards

Identification of issuers

Part 2: Application and registration procedures  
(ISO/IEC 7812-2:1993)

Cartes d'identification; identification des émetteurs. Partie 2: Procédures pour les demandes de numéros et pour leur enregistrement (ISO/IEC 7812-2:1993)

Identifikationskarten; Kennzeichnung eines Kartenausgebers. Teil 2: Anwendung und Registrierungsverfahren (ISO/IEC 7812-2:1993)

This European Standard was approved by CEN on 1995-01-11 and is identical to the ISO Standard as referred to.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

## Foreword

International Standard

ISO/IEC 7812-2 Identification cards; identification of issuers; application and registration procedures, which was prepared by ISO/IEC JTC 1 'Information technology', has been adopted by Technical Committee CEN/TC 224 'Machine-readable cards, related device interfaces and operations' as a European Standard.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, and conflicting national standards withdrawn, by August 1995 at the latest.

In accordance with the CEN/CENELEC Internal Regulations, the following countries are bound to implement this European Standard:

Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

## Endorsement notice

The text of the International Standard ISO/IEC 7812-2:1993 was approved by CEN as a European Standard without any modification.

## 1 Scope

This part of ISO/IEC 7812 describes the application and registration procedures for numbers issued in accordance with ISO/IEC 7812-1.

ISO/IEC 7812-1 specifies the numbering system for the identification of issuers of identification cards used in international interchange.

## 2 Normative references

The following standards contain provisions which, through reference in this text, constitute provisions of ISO/IEC 7812. At the time of publication, the editions indicated were valid. All standards are subject to revision, and parties to agreements based on this part of ISO/IEC 7812 are encouraged to investigate the possibility of applying the most recent editions of the standards listed below. Members of IEC and ISO maintain registers of currently valid International Standards.

ISO 3166:1988, *Codes for the representation of names of countries*.

ISO 7810:1985, *Identification cards - Physical characteristics*.

ISO/IEC 7812-1:1993, *Identification cards - Identification of issuers - Part 1: Numbering system*.

## 3 Definitions

For the purposes of this part of ISO/IEC 7812, the definitions given in ISO 7810, ISO/IEC 7812-1 and the following definitions apply:

**3.1 block (of Issuer Identification Numbers [IINs]):** The reservation in the register of card issuer identification numbers, of a series of two or more IINs for assignment by an authorized blockholder.

**3.2 blockholder:** A business entity representing a group of card issuers. The blockholder has no role in the issuance or acceptance of identification cards other than to administer the assignment of IINs to members of its group in accordance with the procedures established herein and under legal agreement with the Registration Authority.

**3.3 card acceptor:** Party accepting the identification card for the purpose of presenting transaction data to an acquirer.

**3.4 card scheme:** A body representing a group of card issuers, one purpose of which is to facilitate the issuance and acceptance of the cards of that group. To facilitate such acceptance, the card scheme and card issuer shall be visibly identifiable on the identification card. Interchange among the

card scheme members must be governed by a set of operating procedures.

**3.5 Sponsoring Authority:** A body authorized by the Sub-Committee responsible for administering an ISO numbering system, (in this case ISO/IEC JTC1/SC17) to receive, process and approve applications for IINs submitted in accordance with ISO/IEC 7812.

## 4 Application and registration procedures

### 4.1 Application procedure for assignment of a single IIN

A card issuer shall apply to its national standards body, or in the absence of a national standards body, to the secretariat of the ISO/IEC technical body responsible for this International Standard, for the assignment of an IIN using the form shown in annex A. Application forms are also available, on request from the Registration Authority, the secretariat of the Registration Management Group (RMG) and the secretariat of ISO/IEC JTC1/SC17. The national standards body or the secretariat of the ISO/IEC JTC1/SC17 then acts as the "Sponsoring Authority" (see clause 8) with respect to the application.

### 4.2 Application procedure for approval to become an authorized blockholder

If the applicant is applying for numbers on behalf of card issuers or as a card scheme (see 3.4), it may apply to become an authorized blockholder (see 3.2). In this case the applicant shall provide the following supplementary information as justification:

- a) the reason why the proposed blockholder's constituents must receive IINs from an authorized blockholder, rather than each applying individually to the Registration Authority for an IIN;
- b) description of the nature of the service that the applicant's organization is planning to provide;
- c) whether the proposed blockholder will act as agent for issuers legally associated with it, but each issuer is a separate corporate legal entity;
- d) details of future proposed plans, including the following:
  - 1) estimated number of card issuers by country;
  - 2) timing plans, (i.e. estimated date for allocation of all IINs in the proposed block);
