This European Standard was approved by CEN on 1999-01-08.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

The European Standards exist in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, the Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, the Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, and the United Kingdom.

Central Secretariat: rue de Stassart 36, B-1050 Brussels

Foreword

This European Standard has been prepared by Technical Committee CEN/TC 79 'Respiratory protective devices', the Secretariat of which is held by DIN.

It is identical to the 1992 edition, with the approved Corrigendum EN 148-3 : 1992/AC : 1996 incorporated (see tolerances for M 45 × 3 thread in figures 1 to 4), but with no other technical changes made.

This European Standard has been prepared under a mandate given to CEN by the European Commission and the European Free Trade Association, and supports essential requirements of the relevant EU Directive. For relationship with EU Directive, see informative Annex ZA.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, and conflicting national standards withdrawn, by August 1999 at the latest.

In accordance with the CEN/CENELEC Internal Regulations, the national standards organization of the following countries are bound to implement this European Standard:

Austria, Belgium, the Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, the Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, and the United Kingdom.

1 Scope

This European Standard is applicable to self-contained compressed air breathing apparatus designed as positive pressure breathing apparatus.

This European Standard specifies a thread connection, M 45 x 3, which may optionally be used for facepieces for positive pressure breathing apparatus.

This European Standard does not apply to negative pressure breathing apparatus, to closed-circuit breathing apparatus or to diving equipment.

2 Dimensions, designation

2.1 The dimensions shall be as shown in figures 1 to 5. The connections may not correspond to the pictorial details of figures 1 to 5.

2.2 Thread connections with an external thread (code PA) on equipment shall be as shown in figures 1 and 2. For single duct systems (see figure 1) the code shall be PAA and for dual duct systems (see figure 2) the code shall be PAB.
