English Version

Packaging - Rigid plastic containers - Nomenclature of plastic finishes

Emballage - Récipients en plastique rigide - Nomenclature des bagues en plastique

Verpackung - Kunststoffbehältnisse - Bezeichnung von Kunststoffverschlussmundstücken

This European Standard was approved by CEN on 29 October 2011.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This document (EN 16063:2011) has been prepared by Technical Committee CEN/TC 261 "Packaging", the secretariat of which is held by AFNOR.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by May 2012, and conflicting national standards shall be withdrawn at the latest by May 2012.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN [and/or CENELEC] shall not be held responsible for identifying any or all such patent rights.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and the United Kingdom.

Introduction

This European Standard is based on the ISBT (International Society of Beverage Technologists) Thread Nomenclature Card [1].

Efficient packaging is of great importance for the distribution and the protection of goods. Insufficient or inappropriate packaging can lead to damage or wastage of the contents of the pack.

This document is a preview generated by EVS

1 Scope

This European Standard specifies the dimension nomenclature for plastic finishes.

2 Terms and definitions

For the purposes of this document, the following terms and definitions apply.

2.1

lead

axial distance between two consecutive points of intersection of a helix by a line parallel to the axis of the cylinder on which it lies

NOTE The axial movement of a thread part rotated one turn.

2.2

pitch

distance measured parallel with its axis between corresponding points on adjacent thread forms in the same axial plane and on the same side of the axis

NOTE Equals the lead divided by the number of thread starts.

3 Requirements

Figure 1 gives the points which can be measured on thread finishes.

All defined points are not necessarily required or measured.
